For Sale : **€ 320,000**

Description
In Agios Vasileios, a residential quarter of Strovolos, this large field sits within walking distance of shops, cafés and schools. The motorway is also close by, so getting around Nicosia is straightforward.

The land covers 16,454 m² in total and lies in a residential zone, where building of up to three floors is permitted. It fronts a registered road, giving it direct road access.

Picture a home taking shape here, with a coffee or the weekly shop just a stroll away. Children could walk to school, and the main roads are at hand for the commute or a weekend drive.

The sale is for a share of the field rather than the whole of it. It is a sizeable stretch of residential Strovolos, with the everyday life of the neighbourhood around it.
