Description
Village life in Kapedes sets the tone here. Restaurants and cafés are within walking distance, and the heart of the village is just a short drive away, so everyday comforts stay close at hand.

The field is rectangular and slopes gently across its 1,449 m². It lies in a residential zone, with room for a home of up to two floors. The regular outline makes the land simple to plan around, and the slope gives the site a character of its own, a starting point for a house shaped around the land.

Beyond the village, Tamasos Lake is a short drive away, bringing a nature spot and green open space within easy reach for weekends outdoors. The neighbouring villages of Politiko and Kampia are also nearby.

A welcoming village, a well-proportioned plot and the lake close by: the beginnings of a home in Kapedes.
