A short walk from the village centre of
Moutoullas, three fi...

For Sale : **€ 70,000**

Description
A short walk from the village centre of Moutoullas, three fields come together as one holding of 8,190 m², with the green expanse of the Troodos National Forest Park a short drive away. It is a setting that keeps village life close at hand while the forest lies within easy reach.

The land combines residential and agricultural parts. On the residential part there is room for a home of up to two floors, while the agricultural part lends itself to farming. The fields have direct road access, with a long frontage onto the road.

Three fields offered together give a sizeable holding to plan around: a family home within sight of the land you cultivate, or simply a large piece of countryside on the edge of a living village. Morning errands in the village centre can be done on foot, and the forest trails and open green spaces of the area are only a short drive further.

Land with room for a home, ground for growing and the village a walk away: an open chance to shape your own corner of Moutoullas.
