For Sale : **€ 90,000**

Description
A short drive from the heart of Peristerona, this residential field stretches across 5,352 m² of village land in the Nicosia district. Its neat rectangular shape makes the ground easy to read and easy to plan around, a generous canvas for a home of your own.

The residential zoning points naturally to a house, and up to two floors may be built. With land of this size, it is easy to picture a family home sitting comfortably within its own grounds, with the rhythm of village life close by. Schools and the village centre are a short drive away, and the main roads are easy to reach when the day takes you further afield.

The land is reached by a dirt track that runs along one side, and a public road lies close by.

Unpretentious and versatile, this is a sizeable piece of Peristerona, waiting for the home you have in mind.
