Description
In Agia Zoni, the working day comes with everything close at hand. Restaurants and cafés sit right beside the building, and the main roads and the Limassol–Paphos Motorway are within easy reach. Limassol Marina is a short distance away.

On the third floor of a professional building, this well-maintained office is laid out for the way a team really works. An open-plan area with glass partitions keeps everyone connected. Five private offices give room for focused work, and a dedicated meeting room makes a natural place to sit down with clients. A kitchenette and restroom facilities take care of the everyday. Ceramic flooring runs throughout, and double-glazed windows and split air-conditioning units in every area keep the rooms comfortable.

Picture the morning: a coffee from the café next door, a short briefing around the meeting-room table, then the team settling into their own offices as the day gets going. At lunchtime the neighbourhood's restaurants are only steps away.

It is a practical, professional base in a well-served part of Limassol, where the layout and the setting work together.
