For Sale : **€ 120,000**

Description
High on a hilltop above Pissouri, this sizeable field looks out across the sea and the surrounding countryside, with nothing to block the view. Stand at the top of the land and the coast opens up in front of you, a setting that makes the slow climb of the hillside feel worthwhile.

Most of the land lies in a touristic zone, which points to tourist use, while a small part is agricultural and suited to farming. At 5,655 m², it is a large plot of irregular shape that slopes down the hill, giving the higher ground its wide outlook.

The village centre of Pissouri, with its everyday life, is a short drive away, and so is the seafront below, where the beaches invite long afternoons by the water. It is a place where village surroundings and a relaxed coastal rhythm sit side by side.

The land has no direct road access.

Above all, this is a hilltop with the sea in view, a place to stand still and take in the coast of Pissouri.
