Description
On the edge of Tseri, with neighbouring Lakatameia close by, this residential field offers 4,032 m² of land and room for a home within easy reach of everyday Nicosia life.

Most of the land sits in a residential zone, where a home of up to two floors may be built. A small part lies within a protection zone. The field has a regular, rectangular shape, so its layout is easy to read and to plan around. It has direct road access along one side, where it fronts a dirt road, and the main road towards Lakatameia is only a short way off.

Picture a home of your own on generous ground, in a residential setting that feels removed from the city yet stays connected to it. Lakatameia is close at hand for daily errands, and Strovolos is a short drive away, so the wider Nicosia area is within comfortable reach.

A sizeable, well-shaped field in a residential corner of Tseri, offering a pleasing balance of setting, access and room to shape a home as you wish.
