For Sale : **€ 300,500**

Description
In Geri, with Latsia close by and the open water of Athalassa Lake a short drive away, this residential field offers a calm, level stretch of land in Nicosia District.

Covering 7,900 m², the field is rectangular and flat, a simple, honest shape that is easy to take in at a glance and to plan around. It fronts an unsurfaced dirt road, which gives it direct road access.

The residential zoning points plainly to a home, and the zone allows up to two floors. Picture a house rising on that even ground, with schools within walking distance and main roads within easy reach for the journey into the wider Nicosia area.

The sale covers a half share of the field. What remains is level residential land in Geri, with Latsia and the everyday life of the area close at hand.
