For Sale : **€ 550,000**

Description
Four adjoining residential fields lie a short way from the centre of Tseri, within an established residential area. Together they cover 17,040 m² of relatively level ground. The land has direct road access on two sides, with frontage onto both roads. The Nicosia–Limassol Motorway is within easy reach, linking the land to the wider Nicosia district.

The residential zoning makes room for homes on this level ground. The sale is a three-quarter share of the four fields, and no distribution agreement is in place. This is a large, level holding with roads along two of its boundaries.
