For Sale : **€ 59,000**

Description
Authentic village life sets the tone in Ergates, in the Nicosia district, where this residential corner plot of 521 m² sits within easy reach of the community centre. It is a place to imagine a home growing out of the rhythm of the village, with neighbours, local cafés and familiar faces close by.

Its corner position gives frontage onto two public roads, so the plot has direct road access from more than one side. Government-owned land adjoins one boundary, and a further parcel of government land lies across the road.

The zoning is residential, with room for a home of up to two floors. Starting from a bare canvas means the layout, the rooms and the way the house meets its corner can all be shaped around your own priorities from the very beginning. Schools are a short drive away, and the main roads are easy to reach for trips further afield.

A corner of Ergates where the home you have in mind can take shape.
