For Sale : **€ 900,000**

Description
Panoramic sea views open out across this sizeable piece of touristic land in Ayia Thekla, close to the beach on the coastal edge of Sotira. Holiday villas surround it, and the whole neighbourhood carries the easy rhythm of the seaside, with the sand only a short stroll away.

At 6,972 m², the land suits a hotel, a holiday village or a collection of villas, and residential development is also an option. It fronts the main road through Ayia Thekla, so it has direct road access.

The wider coast is within easy reach. Makronissos Beach and Ayia Napa Marina are a short drive away, the WaterWorld Waterpark is nearby, and Larnaca International Airport lies about 30 km away. Restaurants, cafés and shops in the surrounding area cover everyday needs.

A sea view, a beachside setting and a clear touristic purpose come together here, on a stretch of coast already shaped by holiday living.
