For Sale : **€ 155,000**

Description
Restaurants and cafés lie within walking distance, and the beaches are only a short drive away. This large residential field in Paralimni puts everyday coastal life within easy reach: a morning coffee close by, an afternoon by the sea, and the town centre and neighbouring Kapparis a short drive off.

The land covers 23,592 m² in a residential zone, with room for a home in a town that blends sea, sun and daily convenience. A long stretch of road frontage gives the field direct road access, and the area's main roads are easy to reach. Supermarkets, shops, pharmacies and a park are all a short drive away. Larnaca International Airport is about 40 km away.

It is a straightforward holding in a setting that speaks of year-round Mediterranean living, with the sea and the town both close at hand. The sale is for a 12.5% share of the field.
