For Sale : **€ 340,000**

Description
Deryneia keeps the feel of a village, with Paralimni close at hand. The town centre is a short drive away, and so is Paralimni Lake, a local nature spot to escape to when the day allows. A high school is just a short walk away, which brings a practical ease to everyday life here.

On this sizeable residential plot of 4,338 m², a residential project has already begun. The building that stands on the land is incomplete, and building rights remain unused. That leaves scope to take the project forward and give the finished home its own shape.

The land has no direct road access.

What appeals here is a project already under way on residential land, set in a village with the town and the lake close by, waiting for someone to carry it through to completion.
