For Sale : **€ 195,000**

Description
Paralimni Lake lies close to this pair of adjoining residential fields in Sotira, giving the land a natural landmark as its neighbour. Together the two fields form one sizeable holding of 8,035 m², set in the village of Sotira with Paralimni close by.

The residential zoning means room for a home, in a setting shaped by the lake and the village around it. You can picture daily life unfolding here, with the village centre a short drive away for a coffee, the shopping or the school run, and the wider life of Paralimni within reach.

The land has no direct road access. One of the two fields is offered as a 30.47% share.

A large residential holding in a Famagusta village, with Paralimni Lake as its neighbour, offers a place to imagine the home you would build.
