Description
In Kissonerga, life gathers right beside this land: restaurants and cafés sit next to it, and the shops are an easy walk away. A short stroll also leads to the heritage site of Kissonerga Mosfilia, giving the setting a strong sense of place and history.

Covering 2,007 m², the land falls within both a residential zone and a commercial zone. That mix gives you room for a home and scope for business use, all within the everyday rhythm of the neighbourhood. Picture the mornings starting with coffee only steps away, and warm afternoons ending with a short drive down to the beaches.

Access to the land is by a right of way.

From here, Peyia and Lempa are also a short drive away, so the wider Paphos coast stays within easy reach. With cafés beside it, shops on foot and the sea close by, this is a setting where daily life feels relaxed, sociable and rooted in its surroundings.
