Description
The sea is close by, and the sands of Governor's Beach are a drive away. This is the coastal side of Agios Theodoros, where the shore is never far from everyday life.

Across 16,389 m², this large field lies in a residential zone. It gives room for a home planned at your own pace, with generous land around it. The field has direct road access.

The village centre is a drive away, and Larnaca International Airport is about 20 km off, so journeys home and abroad stay simple.

Picture a morning by the water, then an evening back on your own ground. Here a future home can grow in its own time, with the Mediterranean close at hand.
