Village life in Maroni, with the beaches only a short drive...

For Sale : **€ 150,000**

Description
Village life in Maroni, with the beaches only a short drive away: this sizeable field of 3,292 m² sits in a corner of Larnaca where the coast is never far from the day. The wider area is known for its seaside fish taverns and for Zygi Marina, and Larnaca International Airport is about 25 km away.

The land is zoned for tourist use, which opens the way to tourist development in a setting shaped by the sea. Picture visitors spending long afternoons on the beaches nearby, then gathering at a fish taverna by the water as the evening settles in. The village centre and the small coastal village of Zygi are both within easy driving distance, so everyday shops and cafés stay close at hand for anyone spending time here.

The land has no direct road access.

What remains is a generous piece of Maroni, set aside for tourism, with the coast and its taverns a short drive from the village.
