For Sale : **€ 295,000**

Description
Picture an evening stroll to Athalassa National Park, close enough to reach on foot from your own corner of Aglantzia. This residential corner plot has a long frontage onto the road, which gives it direct road access and a real presence on the street.

The residential zoning gives room for a home of your own or a residential building. Starting from the ground up means the layout, the materials and the finish are yours to decide, shaped around the way you want to live.

Daily life here is easy to imagine. Schools are within walking distance, and both the city centre and the highway are within easy reach, so the wider capital feels close while the park remains on your doorstep.

The land is currently occupied. With green space a walk away and the city close at hand, this corner of Aglantzia could be where your next chapter begins.
