Description
Restaurants and cafés lie within walking distance of this residential land in Tala, Paphos. Picture an unhurried evening walk to a table nearby, then the short stroll back to a place that is entirely your own. It is a setting where everyday pleasures stay close at hand.

The land extends to 3,345 m² and fronts the road along a generous stretch, giving it direct road access from the very start. Its residential zoning points to a clear and natural use: room for a home designed around your own ideas, with a sizeable piece of ground to plan it on.

The village centre, schools, supermarkets and shops are a short drive away, so the practical side of life is simple to organise while the surroundings keep their residential character. Morning errands, the school run and a weekly shop all sit comfortably within reach.

A large residential plot with direct road access, close to cafés and the heart of Tala, waiting to become the home you have in mind.
