Description
Close to the heart of Drymou, a village in the Paphos district, this residential land brings two adjoining parcels together into one generous plot. Village life sits within easy reach, with the centre just a short walk away, so the everyday rhythm of the community is never far from your door.

Residential zoning gives room for a home of your own, and the land abuts a dirt road that gives it direct road access. With 2,544 m² to plan around, there is space to shape a house to suit the way you want to live and to let the village setting become part of everyday life.

Beyond Drymou, the neighbouring villages of Lasa and Thrinia are a short drive away, widening the circle of places to explore. A sizeable residential plot so close to the village centre offers a natural starting point for a life rooted in Drymou.
