For Sale : **€ 105,000**

Description
Village life and open countryside meet on this large residential field in Analiontas. It sits close to the heart of the village, so a school, a small market and a café are within easy reach for everyday life. Tamasos Lake is a short drive away for time outdoors.

The field covers 22,743 m² and is zoned for residential use, leaving generous room for a home. It has a long frontage, and all utility services reach the land, a practical start for anyone planning a self-build.

Picture a home of your own taking shape here, with the village close by and Kataliontas and Kampia a short drive along the way. The area has a character of its own and a close connection to nature, a setting that is easy to grow fond of.

The sale is for a 50% share of the field. A wide stretch of residential land on the edge of village life: make it yours.
