Description
Among homes and cultivated fields in Pera, this residential land offers room for a home in a setting that keeps its rural character. The village centre is a short drive away, and so is Tamasos Lake, a natural spot for an unhurried afternoon outdoors.

At 2,342 m², the land is sizeable, and its residential zoning lets you shape a house around your own plans, with control over its layout, materials and finish. Electricity and water supply are available to the land. The land has no direct road access.

Picture a home designed from the first sketch to suit the way you live, set among village houses and farmland, close to the everyday life of Pera and in a place with a strong local identity of its own.
