Description
In the countryside of Agios Ioannis, in the Nicosia district, this agricultural and livestock field covers 14,138 m². The village centre is a short drive away, as are the neighbouring villages of Paliometocho and Agrokipia, while main roads and the motorway are within a drive. The land abuts a rural road, so it has direct road access. Its agricultural zoning suits farming and planting, and the source describes it as a livestock field as well. A sizeable field of farmland with its own road frontage in rural Nicosia.
