

For Sale, Land, Limassol, Souni, 3,040m²

Right beside a public green area with a children's playgroun...

For Sale : **€ 450,000**

Description
Right beside a public green area with a children's playground, this residential land in Souni-Zanakia sets village life and open space side by side. The village centre, its cafés and the local schools are a short drive away, and the Kantou Reservoir is close by for time spent around the water and greenery.

At 3,040 m², the land gives generous room for a home designed around your own brief, with your priorities set from the very first sketch. Electricity and water are already connected, and the plot has direct road access, fronting public roads on two sides.

Picture shaping the layout from scratch: deciding where the house will sit and how it will meet the green space next door, then settling into the rhythm of the village, with everyday shops and services a drive away when you need them.

A sizeable residential plot next to open green space, waiting for the home you have in mind.
