For Sale : **€ 22,500**

Description
Village life in Kedares is right on the doorstep here. The village square is just a short walk away, and the familiar rhythm of the community unfolds within steps of this residential field.

At 3,200 m², the land offers generous room for a home shaped around your own brief. It fronts a road, so there is direct road access. Its residential zoning points clearly to a family home set within an established Paphos village.

Beyond the village edge, the waters of Arminou Reservoir lie a short drive away, while the neighbouring villages of Praitori and Filousa Kelokedaron are close by too. In the wider region you will find Kykkos Monastery, one of the island's best-known heritage sites.

A small part of the field is set to be taken for the construction of the road. The sale covers a 60% share of the field.

This is a chance to put down roots a short walk from the heart of Kedares, with village life and the countryside both close at hand.
