For Sale : **€ 125,000**

Description
Close to the centre of Nikitari, two adjacent agricultural fields together cover 52,361 m² of farmland. Their agricultural zoning makes them suitable for farming or planting.

One of the fields fronts a registered road, so the land has direct road access. The other field is reached through it and along an unregistered dirt track. The Astromeritis - Evrychou Motorway is within easy reach, and the villages of Vyzakia and Pano Koutrafas are a short drive away.

Together, the two fields form a sizeable, continuous piece of farmland in the Nikitari area.
