In the village of Pera Pedi, with the Troodos
National Fores...

For Sale : **€ 250,000**

Description
In the village of Pera Pedi, with the Troodos National Forest Park a short drive away, three residential fields are offered together, with a combined area of 6,563 m². This is land with village life close at hand and the forest within easy reach.

Residential zoning gives room for a home here, and the land has direct road access. Picture an evening stroll to the park within walking distance, or a short trip into the village centre for the supermarket and a meal at one of the restaurants. The area's wineries are close by too, adding a gentle pleasure to everyday life.

When the city calls, the main road to Limassol is easy to reach, so you can keep town life within reach and still come home to a village setting.

All of this comes together as one sizeable holding: village charm, forest nearby, and the chance to shape a home of your own in Pera Pedi.
