For Sale : **€ 97,250**

**Description**
Close to the heart of Sinaoros, in the Nicosia district, two neighbouring residential fields join to form one sizeable holding of 11,372 m². The village centre is only a short way off, with its everyday rhythm close at hand. Troodos National Forest Park is a short drive away for days among the trees.

Residential zoning gives the land a clear purpose: room for a home, shaped to your own priorities from the very first sketch. With two fields lying side by side, you have real freedom in how you plan the layout and where you place the home on the land. Nearby Kaliana and Temvria add to the village character of the area.

The land has no direct road access.

What remains is a large residential holding close to the life of Sinaoros, with the forest park within a short drive. It is a place to begin planning a home with village life and open landscape around you.
