For Sale : **€ 28,000**

Description
In the Limassol countryside of Agios Georgios, two agricultural fields together give a combined 26,088 m² of farmland. The agricultural zoning points to farming and planting as the plain use of the land. Kourris Dam lies a little way off, and the villages of Kato and Pano Kivides are a short drive from the fields. The Limassol–Paphos Motorway is within driving distance for the wider area. Two parcels make up one sizeable holding of agricultural land in Agios Georgios.
