the door...

For Sale : **€ 315,000**

Description
Everyday life in Agios Vasileios can start right on the doorstep. Supermarkets and shops stand next door, restaurants and cafés are an easy walk away, and main roads are close at hand for getting around Nicosia.

On this residential plot stands an unfinished development of four homes. The building is not yet complete. The two-storey, three-bedroom house is planned with a living room, kitchen and guest toilet on the ground floor, three bedrooms upstairs, each with its own en-suite, an attic for storage and covered verandas. Beside it are three identical two-bedroom apartments. Each is laid out with an open-plan living room and kitchen, a bathroom, one bedroom with an en-suite shower and covered verandas. The two upper-floor apartments also come with the right to use a roof garden. Parking spaces complete the picture.

Once finished, it brings together a family house and three apartments in a well-served corner of Strovolos, with covered verandas to enjoy and a roof garden above. A distribution agreement is in place. The sale is a 78.5% share of the development.
