For Sale : **€ 95,000**

Description
Just outside the village of Kallepeia, in the green countryside of Paphos, this field of 2,350 m² sits among farmland and open, undeveloped parcels. It is a setting where the landscape stays wide around you and the village is never far away.

The land lies in a residential zone, so it offers room for a home of up to two floors, shaped around your own plans. It abuts a road along one side, which gives it direct road access, a practical start for any project.

Daily life stays within easy reach. The village centre is a short drive away, and neighbouring Letymvou is just as close, so a quick coffee or an errand need never take long.

A plot to build a home on, with open countryside around it and the life of Kallepeia close at hand.
