For Sale : **€ 12,200,000**

Description
Right beside the seafront at Softades, three adjoining fields come together as one sizeable stretch of land of 87,264 m². The setting is open and coastal, with undeveloped plots and some residential developments around it, and the villages of Kivisili and Tersefanou a short drive away.

The land has direct road access along two of its sides, while a footpath runs along a third. It lies partly in a touristic zone and partly in a protection zone. On the touristic part, the source names hotels, a tourist village or houses as possible uses, with up to three floors for a hotel and two for a tourist village or houses. The protection part carries no such use.

Everyday life stays within easy reach. The village centre, with its cafés, shops and supermarkets, is a short drive away, and Larnaca International Airport is a drive away, which keeps the land well connected for anyone arriving from abroad.

What stays with you is the setting: a broad piece of land at the edge of the sea, with the calm of a Larnaca coastline village all around it.
