For Sale : **€ 935,000**

Description
In the Agios Georgios quarter of Latsia, close to the Nicosia General Hospital roundabout, a level stretch of residential land of 4,214 m² sits among detached and semi-detached houses, apartment buildings and light industrial units, with Strovolos close by.

The land is flat and roughly rectangular, an even canvas that keeps planning simple. It has direct road access along its frontage, and water, electricity and telecommunication services are in place. Its residential zoning gives room for a home, with building allowed on up to three floors.

Everyday errands stay pleasantly close, with supermarkets, shops and cafés within walking distance. When the weekend comes, the nature around Athalassa Lake is a short drive away, a welcome breath of open space on the edge of the city.

A serviced, level piece of residential land in a lived-in part of Latsia, where a new home could take shape with the comforts of the town all around it.
