For Sale : **€ 928,000**

Description
On the edge of Agios Epifanios Oreinis, this large residential field brings together village life and open surroundings. Cafés and restaurants are within walking distance, the village centre is a short drive away, and the lake at the Mitsero mines makes an easy outing. Undeveloped parcels and scattered homes surround the land, giving it a relaxed, semi-rural feel. At 19,553 m², the field has a long frontage with direct road access. Its residential zoning allows homes of up to two floors, and work has already begun on dividing the field into plots. Water, electricity and telecommunications can be brought to the land. Good links towards Nicosia keep the city within comfortable reach, so village living and city life sit easily side by side. Picture a home here, with the village close by and green spaces a short drive away. The sale is for a 14483/18236 share of the field. It is a sizeable piece of residential land in a village setting, with the work on its plots already under way.
