For Sale : **€ 1,080,000**

Description
On the edge of Pano Deftera, close to the village centre, two adjoining fields come together as one large holding of 15,990 m². The land lies flat and even, with a fairly regular shape, among undeveloped plots and scattered homes. It is a calm, open residential setting that still keeps village life within reach.

The fields sit in a residential zone, so a home is the natural use here, and the zone allows buildings of up to two floors. The land has direct road access, and water, electricity and telecommunications can be brought to it. Its flat ground and simple outline make a home on it easy to picture.

Everyday errands stay simple: supermarkets and shops are within walking distance, and schools and the village centre are a short drive away. One side of the land borders the buffer zone of a main road.

Level, open and generous in size, this is land that gives a future home room to breathe in the village of Pano Deftera.
