For Sale : **€ 900,000**

Description
Right in the commercial centre of Nicosia, among the office buildings of Trypiotis, this fifth-floor office gives a business an address in the middle of the city's working life, close to Eleftherias Square. The area offers all kinds of everyday amenities, and restaurants and cafés sit right next to the building, ready for a morning coffee or a lunch with a client.

Inside, an open-plan working area sits alongside separate offices, so a team can share one space while individual rooms allow work behind a closed door. An archive room keeps files in order, and a kitchen and toilets complete the layout.

Three parking spaces in the second basement come with the exclusive right of use, a welcome convenience in the centre of the capital. Public service offices are also within walking distance, which makes errands simple during the working day.

A central address, a practical layout and parking of its own come together here, offering a setting for working days in the heart of Nicosia.
