For Sale : **€ 845,000**

Description
The sea is only a short distance from these three fields in Pigenia, in the Nicosia district. The land around them is a mix of open, undeveloped parcels and several residential developments, and the setting feels relaxed and unhurried, with the coast close by.

Together the fields cover 26,572 m², a sizeable piece of land that sits within a residential zone. The zoning allows a home of up to two floors, so there is room to picture one taking shape here, close to the water. The land has no direct road access.

Everyday life is never far away. The village centre is a short drive off, and the countryside invites slower days, with Gialia Monastery a drive away for an afternoon of exploring.

The sea nearby, residential zoning and a generous area are what this land brings together, and they give anyone planning a life by the Cyprus coast plenty to imagine.
