Description
Sea views, with the beach just a short walk away, set the tone for this sizeable piece of residential land in Pomos. The Pomos fishing shelter is also within easy walking distance, so time by the water could become part of everyday life rather than a weekend outing. The ground slopes gently and has an irregular outline across its 8,631 m². It has direct access from a public road along its frontage. Its residential zoning allows a home of up to two floors, and water, electricity and telecommunication services can be connected to the land. Around it, scattered homes sit among open, undeveloped parcels, giving the setting a relaxed character and a close connection to nature. Cafés, restaurants and the village centre are a short drive away. So are the Pomos Reservoir and the neighbouring village of Pachyammos. Picture a home of your own here, with the sea in view and the shore only a stroll from your door.
