For Sale : **€ 687,000**

**Description**
From a gentle slope in the village of Tala, the sea shows itself in the distance, a quiet reminder of the coast beyond the rooftops. Here is residential land where you can begin to picture a home of your own, with that far-off view as part of everyday life.

The field covers 6,247 m², with an irregular shape and a smooth, gently sloping surface. It fronts a village street, so it has direct road access, and water, electricity and telecommunications are all available. The residential zoning allows room for a home of up to two floors.

The surroundings are residential in character, with homes set among other plots that are still undeveloped. Tala's village centre is a short drive away, and neighbouring Tremithousa is just as close, so village life and daily errands stay within easy reach.

An uncomplicated piece of land with real substance: generous space, services in place and the sea on the horizon.
