Description
Picture a warm evening on the veranda, the pool shimmering just beyond, with the cafés and restaurants of Chryseleousa an easy walk from your door. This is everyday life in Strovolos, with the heart of Nicosia only a short drive away.

The house offers 400 m² of covered space on a 530 m² plot, room enough for a household to spread out and still come together at the end of the day. Your own swimming pool sets the tone for comfortable outdoor living, while the veranda is a natural place for long breakfasts and slow dinners in the open air. A storage room keeps the everyday clutter out of sight, and parking for two cars makes coming and going simple.

Supermarkets and shops are within walking distance too, so errands become a gentle stroll rather than a chore.

A generous home with its own pool, in a part of Strovolos where daily life is always close at hand, and a place to put down roots.
