For Sale : **€ 600,000**

Description
Open countryside and a scattering of village homes surround this large holding of ten adjoining fields in Analiontas. The land slopes across the landscape, and the life of the village is close by: the village centre is a short drive away, and so is Tamasos Lake, a lovely place for a slow afternoon by the water.

The holding has direct road access along a public dirt road. Electricity, water and telecommunications serve the land. Its zoning combines two general uses, agricultural and residential, so there is farmland to work and room for a home where the zoning is residential.

Together, the fields offer a sizeable piece of the Nicosia countryside. Mornings here could begin with a walk along the slope, among the neighbouring fields and the few homes nearby, before a short drive into the village for coffee. The sale covers nine of the fields in full and a 1/10 share of the tenth.

It is a straightforward holding in a relaxed rural setting, with the village and the lake both within easy reach.
