Beaches lie within walking distance of this field in Alamino...

For Sale : **€ 600,000**

Description
Beaches lie within walking distance of this field in Alaminos, set in open Larnaca countryside where undeveloped land meets a scattering of homes. Mazotos village is a short drive away, keeping everyday village life close at hand while the coast stays the heart of the setting.

The land sits in a touristic zone, and its general use is tourism. The zone provides for hotels of up to three floors, and for a tourist village or houses of up to two floors, giving room to imagine a place shaped around the shore nearby.

Picture a morning walk down to the sand, then the return to open land with space around you and the village a short drive off. It is an uncomplicated setting, and its appeal rests on the beach close by and the open countryside.

The sale is a 57/200 share of the field. A distribution agreement assigns this share its own defined part of the land. With the beaches only a walk away, it is well worth a visit.
