For Sale : **€ 580,000**

Description
Just outside the village of Pano Pyrgos, this field lies among open, undeveloped parcels, where the landscape still sets the scene. The village centre is a short drive away, and so are the beaches.

The whole field covers 28,262 m² of residential land, which allows room for a home of up to two floors. With undeveloped land on all sides, the setting feels open and unhurried, a place shaped by its surroundings rather than by dense building.

Picture the rhythm of life at a village edge: mornings in the open air, an afternoon by the sea, and an evening back in Pano Pyrgos for dinner at one of its restaurants. Kato Pyrgos is also close by for everyday errands and a change of scene.

The sale is for a 1/2 share of the field. What remains is a sizeable stretch of residential land on the edge of a village, with the coast close at hand.
