Description
A short walk from the heart of Pano Pyrgos, three adjoining fields come together as one large stretch of residential land, 20,737 m² in all. Open, undeveloped parcels sit around it alongside a scattering of homes, giving the setting the easy feel of a village edge.

All of the land lies in a residential zone, where a home of up to two floors may be built. Picture a house set within generous grounds, with daily village life close at hand. The neighbouring villages of Kato Pyrgos and Pigenia are a short drive away, and Gialia Monastery makes a pleasant outing further afield.

Registered footpaths run along two of its sides. The land has no direct road access.

A sizeable piece of Pano Pyrgos with the welcoming character of its village around it, ready to inspire your first plans.
