Description
Among the farmland and scattered homes around Avgorou, four adjoining fields come together as one large holding of 15,761 m². The ground is flat and irregular in shape, and it fronts the road along two of its sides, so it has direct road access.

The land sits within a residential zone, which gives room for a home of up to two floors. Water, electricity and telecommunications can be connected. Picture the level ground laid out around your own plans, with the open fields of the area all around and the village close at hand.

Daily life stays within easy reach. The heart of Avgorou, with its cafés and restaurants, is a short drive away, so a coffee or a meal out never means a long trip.

Level land, two road frontages and a residential zone in a village setting make this a large and inviting place to begin a home.
