For Sale : **€ 460,000**

Description
Farmland and village life meet in Agios Ioannis, where this large field covers 13,889 m² of land just a short way from the village centre. It offers an honest, unpretentious setting with a closer connection to nature, and the green surroundings of Korakas lie within a short drive.

Around the land, farm parcels sit alongside some residential developments, giving the neighbourhood a relaxed rural character. The field has direct road access along a dirt road on one of its borders, and the whole of it lies within a residential zone, where homes of up to two floors may be built.

Imagine the first sketches of a home taking shape here, with generous land around it and the village close enough for an easy morning coffee or a stroll through its centre. Life here moves at a gentler pace, among the fields and the village it has always belonged to.

Sizeable residential land, a village setting and the countryside on its doorstep: a place to picture a home of your own, unhurried and close to nature.
