For Sale : **€ 451,000**

Description
On the road that joins Lythrodontas with Mathiatis, this large residential field sits in open countryside of farmland and undeveloped parcels, with a scattering of homes around it. Lythrodontas village centre is a short drive away, and Mathiatis is just as close.

The land covers 10,130 m² on a gentle slope, and its long road frontage gives it direct road access. Its residential zoning gives room for a home of up to two floors, and water, electricity and telecommunications can be brought to the land.

Picture a house rising on this softly sloping ground, with fields stretching around it and the everyday life of two villages within easy reach. Supermarkets, schools, restaurants and cafés are all a short drive away, so village living comes with what a household needs close at hand.

A generous stretch of countryside with the road at its edge and the village nearby, it is a setting where a home could settle in with space all around.
