Description
In the Mouttalos quarter of Paphos, homes and businesses share the neighbourhood, and daily life happens right on the doorstep. Supermarkets and shops sit next to this commercial field, with restaurants and cafés beside them, so the area already has a steady rhythm of people coming and going.

The land covers 664 m² and has direct road access, with a generous frontage along an avenue. That frontage gives a future business a face to the street rather than a place tucked out of sight.

Commercial zoning sets the general use, and the source allows a building of up to three floors. Picture a shopfront, offices or a showroom rising here, with residential developments all around and a few commercial neighbours close by. The town is right at hand, not a distant drive away.

This is a compact, uncomplicated piece of town land. Its strengths are its commercial use, its open edge to the road and a neighbourhood that is already lively with everyday errands.
