For Sale : **€ 360,000**

Description
Views over Avdimou Bay give this large field its character. It lies in Pissouri, a well-developed tourist area known for its quality hotels, restaurants and shops. Pissouri Bay is a short way off, and the village centre is close by.

The land covers 12,041 m² of even, flat ground with an irregular outline. It lies within a touristic zone, which suits tourist use, and building of up to three floors is allowed there. Around it, open undeveloped land mixes with tourist units, so the field shares in the area's holiday life while keeping a sense of space.

The field has no direct road access.

Picture the morning light on a level stretch of land, with the bay on the horizon and Pissouri's tavernas and seafront within reach for the evening. Flat ground, a tourist zone and that open view of Avdimou Bay are the qualities that make this land worth knowing better.
