Description
Agios Tychonas sets the scene for this residential plot. It sits in a Limassol village where the centre, with its cafés and restaurants, is only a short drive away, and the neighbouring village of Armenochori is close by too.

The land covers 1,112 m² among homes and open parcels. It fronts a road, so it has direct road access from the start. Its residential zoning offers room for a home on up to two floors, shaped around your own taste and plans.

Picture a house of your own rising here, with village life never far away: an easy drive for a morning coffee in the centre, the weekly shop close at hand, and a neighbourhood of homes growing around you. The setting is residential and simple, a place to settle into rather than pass through.

A sizeable plot with direct road access and residential zoning, in a Limassol village with everyday life close by, makes an honest starting point for a home in Agios Tychonas.
